
THOMAS ELECTRONICS

208 Davis Parkway, Clyde, New York 14433 USA / Tel: 315-923-2051 / Fax: 315-923-4401

Thomas Electronics has purchased Lexel Imaging Systems' product lines.

Thomas Electronics has successfully concluded the purchase of Lexel Imaging Systems' manufacturing equipment, tooling, inventory and intellectual property for all Lexel Imaging CRT's and related electronics used in avionic, helmet, heads up, ground vehicle and radar displays, effective June 22, 2017. Thomas is now the exclusive manufacturer and worldwide distributor for these products.

Thomas Electronics is committed to the immediate and long-term support of Lexel Imaging products from Thomas' ISO certified facilities in Clyde, NY. Thomas, Lexel Imaging, and its parent, Video Display Corporation (ticker VIDE) are working together to assure a smooth and rapid transition in the ongoing supply and service of these products.

Thomas Electronics is the world's largest provider of CRT's for military and industrial applications, with facilities in Clyde, NY; Addison, IL; and Genlis, France. Inquiries are welcome at:
